BONALDO

Agea

Designer: Marconato and Zappa

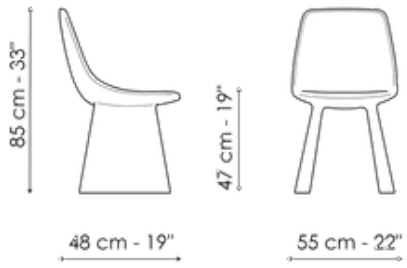

The Agea chair, one of the exquisite examples of upholstered modern dining chairs, is characterised by its striking legs which seem rooted to the ground, as if to leave their mark in the space where they are placed. The legs support the padded body like two buttresses, giving the seat stability, charm, and an essential nature. The body and legs are covered in a single leather eco-leather or fabric material, which reinforces the image of the Agea chair.
