BONALDO

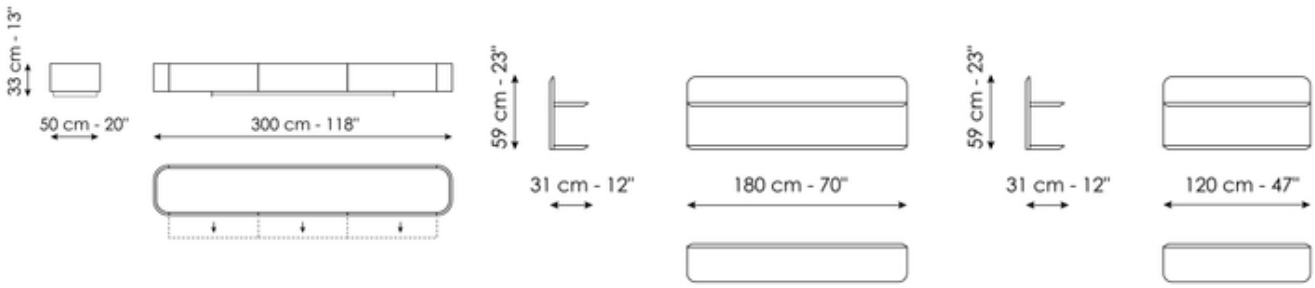

Arragan TV stand and Arragan shelf

Designer: Gabriele & Oscar Buratti

Bonaldo presents Arragan TV stand and Arragan shelf, a TV unit with three storage drawers and a shelving system designed to expand the compositional possibilities of the living area wall.
The TV stand and the wall-mounted elements can be used individually or combined in free configurations, making the organisation of the wall an integral part of the overall design.
The TV stand is characterised by essential volumes, continuous surfaces and soft edges, while the shelving system introduces a light graphic rhythm and expands the functional possibilities of the composition.
The structure of the TV stand is made of lacquered wood; the top can be in wood, in line with the structure, or in ceramic, in a variety of finishes, for a multimaterial interpretation.
The shelves, available in two sizes, come in glossy or matt lacquered wood.

Data sheet

Arragan TV stand

Width: 300cm

Depth: 50cm

Height: 33cm

Arragan shelf 180

Width: 180cm

Depth: 31cm
