BONALDO

Artika, Miss Artika, Artika Wood, Miss Artika Wood

Designer: Gino Carollo

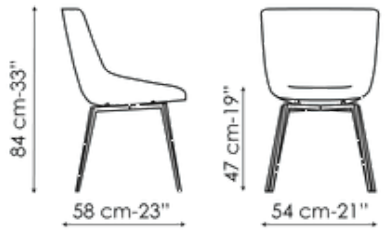

The distinguishing feature of the Artika chair, which is clearly evident from the front, is its backrest which forms a single unit together with the seat and opens out at the top, giving the observer the idea of expansion and breadth. Artika showcases a remarkable design, modeled with dynamic and comfortable lines, rigorous and solid shapes, and harmonious proportions. The seat is covered in leather, eco-leather or fabric, materials chosen to last a long time and to ensure maximum versatility of use and numerous possibilities of colour combinations.
The lower part, in metal, is made with the classic four legs or with an original bobsleigh-shaped base (Artika si); for both solutions it is possible to choose from the many colours of painted metal or stylish finishes. It is alternatively possible to opt for the variant with wooden legs (Artika Wood) or completely covered. Versions with armrests (Miss Artika, Miss Artika si, Miss Artika Wood) and the stool (Artika too, Artika wood too) are available as well.
