BONALDO

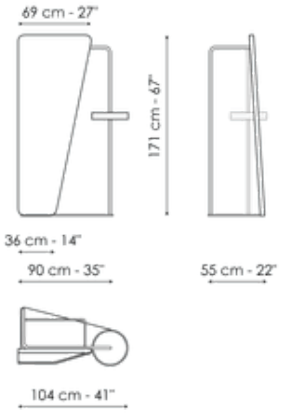

Camillo

The Camillo valet stand with mirror is a pleasing, friendly object, characterized by a continuous and soft line, free from sharp edges. Camillo is a blend of several functions: hanging, mirroring, undressing. As dynamic and versatile as contemporary life, with such a unique character it both transforms and happily remains the same.
Camillo typifies Bonaldo's coordinated furniture programme perfectly: a selected number of items interact with each other in a harmonious, immediately comprehensible dialogue. Camillo enters the bedroom discreetly but immediately becomes significant.
