BONALDO

Clessidra

Designer: Mauro Lipparini

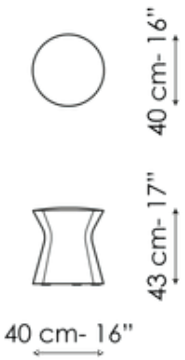

The gentle silhouette of the Clessidra designer footstool follows a circular development, becoming concave in the central part. Softness and functionality make these poufs ideal for use in the bedroom, as bedside tables, or in the living room, as service tables next to the sofa. The pouf is entirely upholstered in fabric; the top part is also available in leather for an added touch of sophistication.
An elegant accessory if used as a single piece, it is particularly interesting when combined in groups, freely joining together multiple elements in the living area, the bedroom or in areas of hotels or public spaces intended for reception purposes.
