BONALDO

Cuff bench and pouf

Designer: Mauro Lipparini

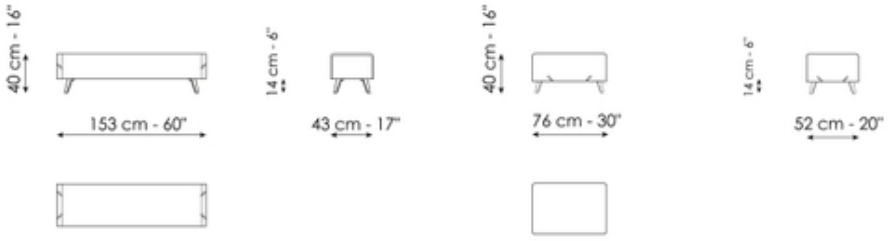

The Cuff pouf and end-of-bed bench for bedroom are a triumph of sartorial elegance, emphasised by the precious details that characterise the entire Cuff Collection: frog fasteners punctuate and decorate the edges, the leather inserts embellish the cover, the painted metal feet give a greater sense of elegance. This attention to each individual detail is how Cuff expresses the full authentic values of the Made In Italy brand. Thanks to these accessories, coordinated with the Cuff collection beds, it is possible to complete the sleeping area, giving it a maximum sense of functionality and consistency throughout the whole design: appearance and practicality thereby come together at the right meeting point. The cover, available in numerous colour variations, is made of fabric, leather or eco-leather and is completely removable.
