BONALDO

Cuff

Designer: Mauro Lipparini

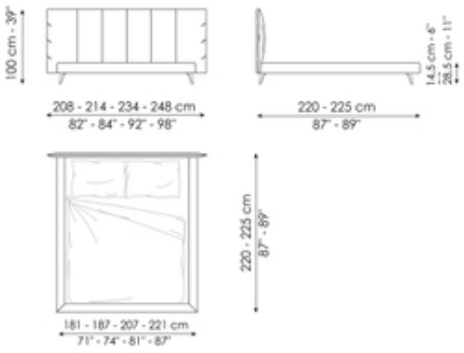

The Cuff bed frame with upholstered headboard, available in double or single versions, is a bed that is made elegant by the exquisite details that give it character, such as the frog fastenings dotting the two flaps of the padded headboard, the pleating that runs vertically, the leather inserts that also enrich the bed frame and the painted metal feet in sophisticated hues. Available with completely removable cover in fabric, leather or eco-leather, Cuff is produced in various versions: with higher headboard (Cuff hi), with thicker bed frame, low feet in painted wood and low (Cuff plus) or high (Cuff hi plus) headboard.
In the versions with storage (Cuff open and Cuff hi open), valuable additional space is available for storing covers, cushions and everything necessary for the bedroom.
