BONALDO

Filly, Miss Filly

Designer: Bartoli Design

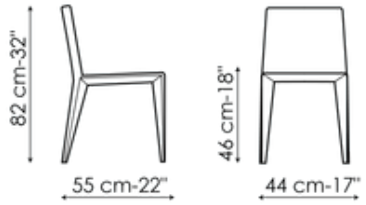

The outcome of a positive encounter between light geometric planes with a slender and linear base, the Filly collection is a testament to a design dedicated to aesthetic perfection and functionality. In the version upholstered entirely in fabric, leather, eco-leather or emery leather, it shows a more understated face; instead, it reveals a more dynamic look in the variant in which the original metal legs are visible. TheFilly high backrest chair is available in the following versions, for a functional and aesthetically consistent result: with a higher backrest for increased comfort (Filly up) with a wider and more generous seat (Filly large), with a high backrest and large seat (Filly large up), with armrests (Miss Filly and Miss Filly up) or in the stool version (Filly too and FIlly up too). In this way, it is possible to choose the model that best suits individual needs without sacrificing Filly's unmistakable style.
