BONALDO

Flac

Designer: Fabrice Berrux

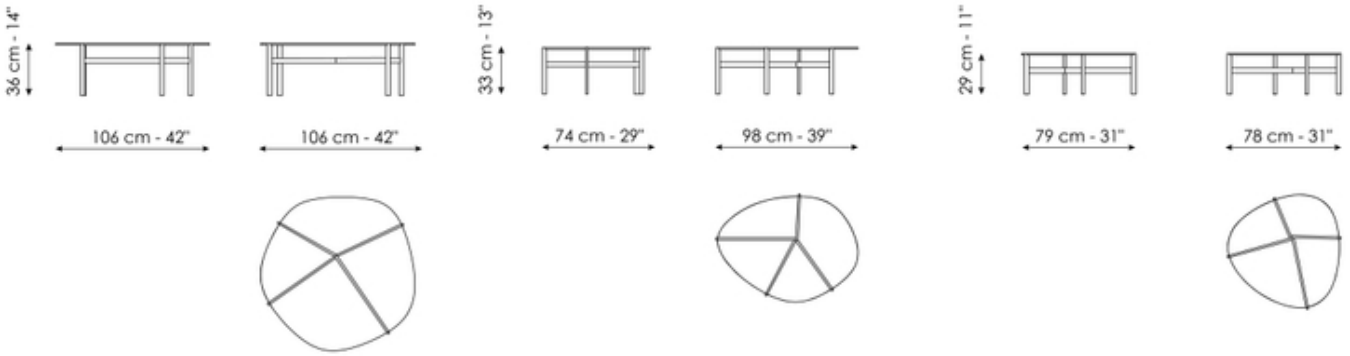

Flac is the name of the new collection of coffee tables designed by Fabrice Berrux for Bonaldo, available in three heights and three diameters (Flac low, Flac medium, Flac high). The characterizing element is the fused and tempered glass top which gives the effect of the surface of water: the top floats on a slender metal base which almost appears to be the mounting for a precious stone. The different heights at which the tables are offered allow the creation of interesting compositions, characterized by a subtle interplay of superimpositions which highlight different shades of colour in the intersection of the glass.
In the medium and low versions, the top is also available in other materials, for a mix & match that make Flac a versatile and perfect element for every style.
The metal base features an cross-joint between the legs, an element of craftsmanship that enhances the lightweight design of the product.

Data sheet

Flac high

Width: 106cm

Depth: 106cm

Height: 36cm

Flac medium

Width: 98cm

Depth: 74cm

Height: 33cm

Flac low

Width: 79cm

Depth: 78cm

Height: 29cm
