BONALDO

Fluff

Designer: Mauro Lipparini

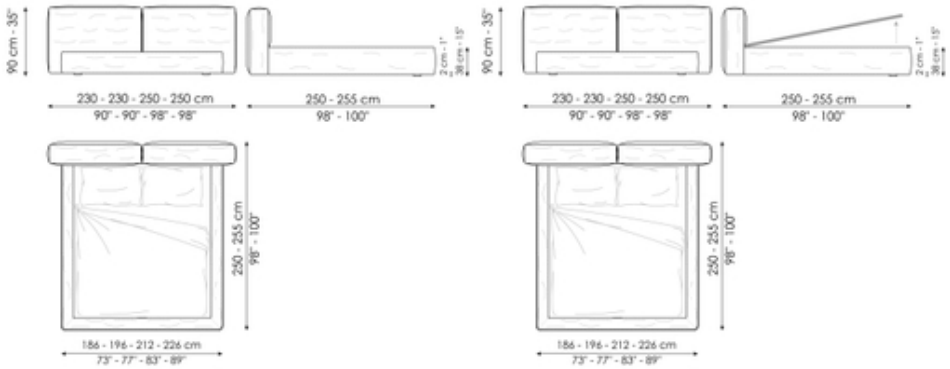

Fluff is a double bed with a soft, rounded design, inspired by the “Fluffernutter” sandwich, an American delicacy of marshmallows and peanut butter. The softness of the headboard and the bed frame is obtained through the padding, which puts the accent on visual and physical sensations and comfort. The generous sizes and comfy forms of this bed make it the absolute centerpiece of the sleeping area and the place for carefree moments of relaxation.
The fully removable cover is available in fabric, leather or eco-leather.
The Fluff double bed is also available in the “open” version: the practical storage area provides valuable additional space for storing covers, cushions and everything necessary for the bedroom.
