Grant

Designer: Massimo Castagna

The modular Grant sofa develops through a sequence of broad, continuous curves: semicircular modules, semi-arc elements, chaise longues, peninsulas and poufs combine to create a wide range of configurations, designed to suit different contexts and ways of use.
Each module, shaped by uninterrupted curved lines without angles or breaks, suggests a free arrangement and encourages conviviality, bringing people closer together and making interaction more immediate. For this reason, Grant is also well suited to being placed at the centre of a room, where its compositional development helps organise the space and define areas for social interaction in large living rooms, lounges or hospitality settings.
Available with fabric or leather upholstery, Grant rests on a metal sled base, set back from the upholstered volume to visually lighten the overall composition and allow the softness of its forms to take centre stage.
