BONALDO

# Itala Office, Miss Itala Office

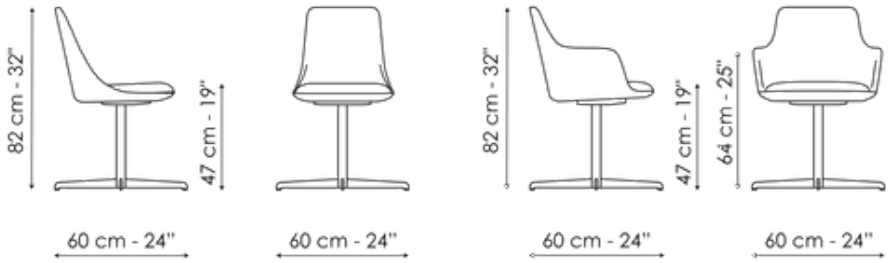

Designer: Gino Carollo

The elegant office version of the Itala chair is striking on account of the proportions between the swivel base and the seat/backrest unit. The slight tapering of the latter is calculated to optimize the ergonomic performance and comfort of the seat, which is significantly improved. This is an essential quality for prolonged use of the chair in the workplace. The Itala Office is available with a swivelling metal base and with armrests in the Miss Itala Office version.
