BONALDO

Kriss

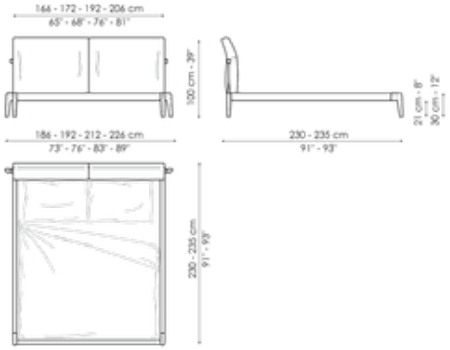

Designer: Maurizio and Silvia Varsi

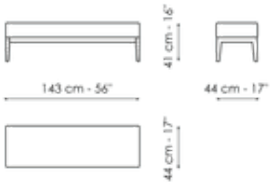

Kriss is a collection consisting of the romantic modern luxury design bed and coordinated accessories, a concept that focuses on the contrast and perfect harmony of fascinating materials: the elegant softness of fabric combined with the traditional solidity of wood.
The modern wooden design bed's structure becomes a visible and characterizing element, while the cushions that make up the headrest provide extra comfort.
The result of a continuous aesthetic evolution, the sophisticated combinations of fabric and wood suggest the will to create elegant shapes and solutions, enhancing the qualities of both materials and giving a warm, welcoming and exclusive look.
In addition to the double bed, a bench is also available in the Kriss collection.
