BONALDO

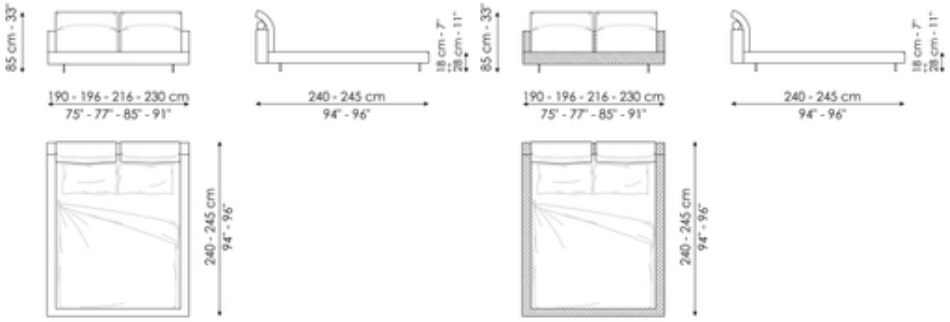

Owen

Owen is a modern design bed with strict, clean and timeless lines that can be included in any context without disrupting its essential character. Arranged in an orderly way in an impeccable visual balance, the abundant volumes of the headboard, made up of two large cushions supported by a padded bolster, enhance the sober and essential lines of the bed frame. The removable cover is made of fabric, leather or eco-leather while the feet are in painted metal, available in different colours.
In the embroidered version (Owen ego), the cover is made of fabric; part of the bed frame is also embellished with embroidery that, in contrast with the simplicity of the cushions that form the headboard, add a sense of dynamism to the whole.
