BONALDO

Paddle TV stand, Paddle TV stand light

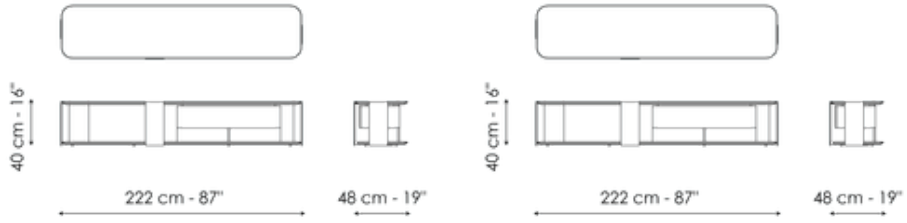

Designer: Mauro Lipparini

The Paddle TV stand catches the attention thanks to its visual lightness yet behind which there is significant structural strength. In addition to being freestanding as a low console, this piece of furniture can also be wall-mounted, offering ample flexibility for interpretation and insertion into any space. Available in two fixed colour combinations (Canaletto walnut and bronze or coal oak and lead), the modern tv console is enriched with the addition of a convenient lacquered wood drawer. There is also the Paddle TV stand light version with integrated lighting system offering a backlit effect.
