BONALDO

Picabia single bed

Designer: Giuseppe Viganò

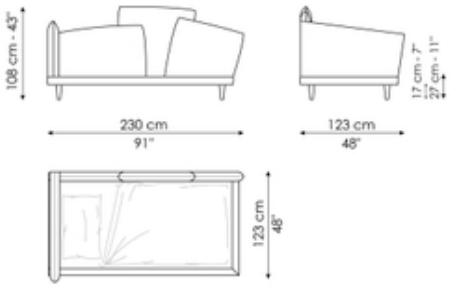

A disorderly combination of cushions that manages to be decorative and functional, discreet yet spectacular: this is the Picabia headboard, the corner single bed design with unusual lines that offers those who choose it numerous options for personalisation, giving maximum space to creativity for a unique result and effect. The covers of the cushions that make up the headboard and one side can be monochromatic, with graded effect or in contrast, in line with personal tastes, thereby giving the bed a completely different character depending on the selected combinations. The removable cover is made of fabric or leather. The wooden feet are available in grey anthracite or walnut wood or made of matt painted metal. Picabia is available in double or single versions.
