BONALDO

Salomé

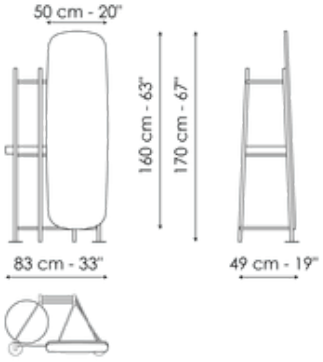

Designer: Mauro Lipparini

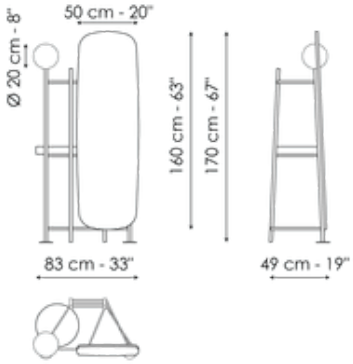

Perfect in its dynamic as a holder, every detail of the Salomé clothes valet stand contributes to the overall balance. Its design consists of delicate geometric shapes marked by precise vertical signs in which the luminous patterns of the transparent globe seem to dance with mirrored reflections.
Lights, lines and materials as fundamental features of an object destined to perform a daily service that becomes an emblem of an intimate relationship with the sleeping area: the beauty of the Salomé bedroom valet stand lies in the charm of the harmony between the forms and the intensity of its presence, a strongly scenographic design.
The Salomé valet stand comes with a metal frame and tray in different finishes. A version with lampshade is also available.
