BONALDO

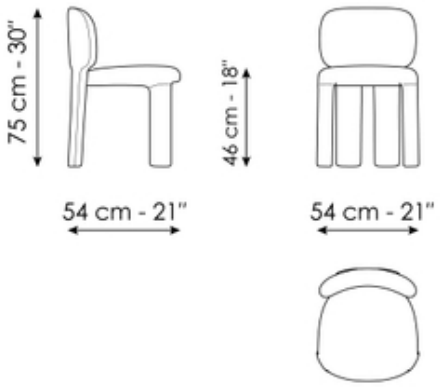

Teia

Designer: Gino Carollo

Teia stems from an idea of absolute essentiality: a few unexpected and original details make the chair immediately recognisable. The strength of the design lies in the rear view, where the legs extend as a natural continuation of the backrest, an element that breaks the regularity of the design and gives the form a dynamic and almost organic quality.
Teia is fully upholstered, a feature that enhances the continuity of its form and emphasises a sense of softness and comfort.
Teia is a versatile solution, suitable for a variety of settings: around a domestic dining table, as well as in meeting rooms, restaurants or hospitality spaces.
