BONALDO

Tonight, Tonight air single bed

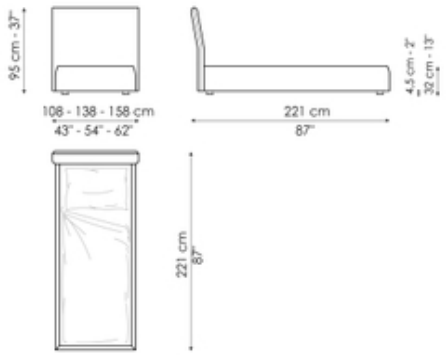

The “architectural” image of Tonight combines versatility of use and insertion into interior design projects, thanks to its immediately soft and welcoming appearance. Also available in a double version, it comes with a completely removable cover in fabric, leather or eco-leather, embellished with a matching or contrasting decorative edge in the Tonight and Tonight open versions. The different options include the Tonight air (with metal feet), Tonight open (with a large container integrated into the base where you can store blankets, pillows and everything you need for the bedroom), and Tonight charme, in which the softness of the headboard is emphasized by deep vertical quilting.
