BONALDO

Youniverse

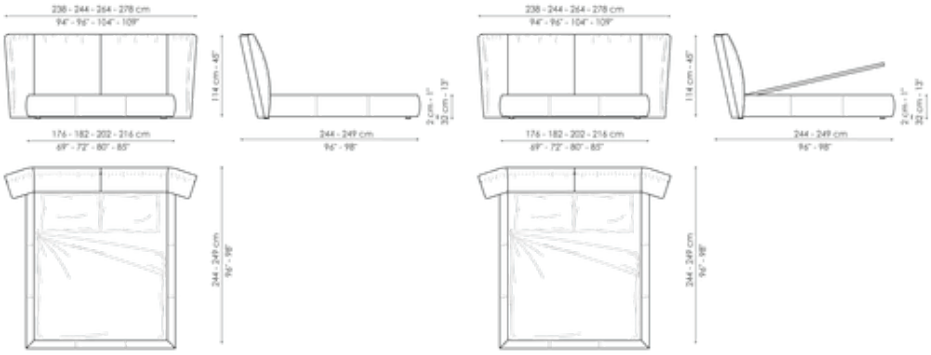

Designer: Mauro Lipparini

A high, padded headboard that delicately folds inwards at the edges like a screen. The structure contributes to a highly comforting visual effect: Youniverse is a full double bed with a dreamy, romantic character, which leaves maximum space to the user and their dreams. Designed and made with great artisan skill, it stands out on account of the large headboard and the vertical stitches that elegantly decorate it. Youniverse is available with covers in leather, eco-leather or in fabric, removable in all three versions. In the Youniverse open version, the practical storage area provides valuable additional space for storing covers, cushions and everything necessary for the bedroom.
