BONALDO

Youpi too

Designer: Fabrice Berrux

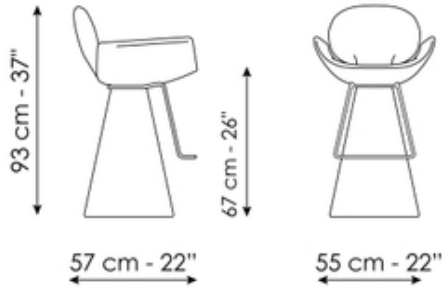

The Youpi too stool expands the Youpi family, enriching it with a slender and functional version of the seat. Designed by Fabrice Berrux, in this fixed-height stool the circular backrest complements the generous and welcoming support surface, while the conical swivel base ensures solidity and dynamism. A practical metal footrest adds comfort and elegance, making Youpi too the perfect stool for contemporary settings, from living to contract spaces.
